

DIVISION K - DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED
PROGRAMS APPROPRIATIONS ACT, 2023

The explanatory statement accompanying this division is approved and indicates congressional intent. In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in the H. Rept. 117-401 (House report) accompanying H.R. 8282 (House bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House report language for emphasis or clarification, does not negate language in such report unless expressly provided herein. Language expressing an opinion or making an observation in the House report represents the view of the House committee unless specifically endorsed in this explanatory statement.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House report, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

For purposes of this explanatory statement, the term "the Act" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2023, and the term "prior Acts" means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, "division K of Public Law 117-103" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2022; "division K of Public Law 116-260" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2021; "division G of Public Law 116-94" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2020; "division F of Public Law 116-6" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019; "division J of Public Law 115-31" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2017; and "division K of Public Law 114-113" means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2016.

For the purposes of the Act, the term "regular notification procedures of the Committees on Appropriations" shall mean such Committees must be notified not less than 15 days in advance of the initial obligation of funds, and the term "reporting procedures of the Committees on Appropriations" shall mean a report must be provided to such Committees not more than 90 days after the conclusion of fiscal year 2023.

Federal agencies funded by the Act shall notify the Committees on Appropriations of any reprogramming, as required by section 7015 of the Act, at the most detailed level of the Congressional Budget Justification (CBJ), the Act, or this explanatory statement.

Section 7015(c) of the Act requires that any notification submitted pursuant to subsection (f) of such section include information, if known on the date of transmittal of such notification, on the use of notwithstanding authority. The Secretary of State and Administrator of the United States Agency for International Development (USAID), as appropriate, shall include in such notifications detailed information on the provisions of law being notwithstanding and a justification for the use of such authority.

Congressional notifications submitted by the heads of the Federal agencies funded in the Act for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer needed or intended to be used as previously justified.

The Secretary of State and USAID Administrator are directed to submit notifications for the obligation of funds made available by the Act and prior Acts not later than 60 days prior to the expiration of such funds.

Section 7019 of the Act requires that amounts designated in the respective tables included in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available in the amounts designated, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act of 1961 (FAA) (653(a) report), where applicable. In lieu of the funding tables and allocations of

funding contained in the House report, the tables and allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds. The Act provides that the amounts designated in the tables shall be made available notwithstanding the date of the transmission of the 653(a) report. The authority of section 7019(b) to deviate by more than 10 percent shall not be used to deviate to zero unless such funds cannot be legally obligated or conditions are such that such deviation is directly related to the national security interest of the United States.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations unless an exception or deviation authority is specifically provided in the Act or this explanatory statement.

The Secretary of State and the USAID Administrator shall continue to provide the Committees on Appropriations electronic copies of all reports, notifications, spend plans, and any other documents required by the Act, prior Acts, this and prior explanatory statements and statements of managers, the House report, and prior House and Senate reports.

For purposes of the Act and this explanatory statement, the term "prior consultation" means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which such Committees are given a meaningful opportunity to provide facts and opinions, in advance of any public announcement, to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Additionally, section 7020 of the Act includes specific requirements regarding multi-year pledges.

Notwithstanding authority included in any provision of the Act shall not be construed to exclude the requirements of such provision.

Pursuant to section 7016(b), any Federal agency receiving funds made available by the Act shall post on its publicly available website any report required by the Act not later than 45 days following the receipt of such report by Congress. This requirement does not apply if: (1) the public posting of the report would compromise national security, including the conduct of

diplomacy; (2) the report contains proprietary or other privileged information; or (3) the public posting of the report is specifically exempted in the House report or this explanatory statement.

For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), with respect to appropriations contained in the Act, the term “program, project, and activity” (PPA) means any item for which a dollar amount is specified in the Act or this explanatory statement. In addition, the definition of PPA in section 7023 of the Act shall apply to the accounts listed in that section. In carrying out any Presidential sequestration, Federal agencies funded by the Act shall conform to the definition of PPA described in this paragraph.

In submitting annual CBJs, each Federal agency funded by the Act shall include detailed information on all available resources, including estimated prior fiscal year unobligated balances and recoveries, reimbursable agreements, funds transferred pursuant to section 632(a) and (b) of the FAA and significant uses of the Economy Act (31 U.S.C. 1535). Agencies that use a Working Capital Fund (WCF) shall include in CBJs the total budgetary resources for each office that receives funds from a WCF, and include a table on WCF resources that will serve as a baseline for reprogramming and transfer purposes. CBJs shall also include estimated savings from any proposed office or mission closure or reorganization, elimination of special envoys and other senior level special representatives, and actual prior fiscal year representation and entertainment expenses for each department and agency where such expenses are authorized.

Spend plans submitted pursuant to section 7062(b) of the Act shall: (1) include all intended sources of funds made available by the Act and any other resources, as applicable, for such program; and (2) conform to the definition of such plan under section 7034(s)(4) of the Act.

Consistent with prior fiscal years, none of the funds made available by the Act may be used to send or otherwise pay for the attendance of more than 50 employees of Federal agencies who are stationed in the United States at any single international conference occurring outside the United States, unless the Secretary of State reports to the appropriate congressional committees at least 5 days in advance that such attendance is important to the national interest.

For purposes of this restriction, the term “international conference” means a conference attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations (NGOs).

Federal agencies funded by the Act shall not provide bonuses to government contractors who fail to complete their contract in a satisfactory manner, including as a result of avoidable scheduling delays or cost overruns.

The agreement does not endorse directives under certain House report headings: *Non-discrimination policies* (under Operating Expenses); and *Assistance Priorities* under section 7045 regarding funding for violence prevention programs at Mexico’s northern border.

In addition to amounts in this division, the agreement includes \$16,565,000,000 in division M to respond to the situation in Ukraine and in countries impacted by the situation in Ukraine and for additional support and assistance for other operations, vulnerable populations, and communities.
