DIVISION K - DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2021

The explanatory statement accompanying this division is approved and indicates congressional intent. In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in H. Rept. 116-444 (House report) accompanying H.R. 7608 and incorporated by reference by section 3(a) in the matter preceding division A of H.R. 7608 (House bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House report language for emphasis or clarification, does not negate language in such report unless expressly provided herein. Language expressing an opinion or making an observation in the House report represents the view of the House committee unless specifically endorsed in this explanatory statement.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House report, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

Similar to prior fiscal years, a portion of funding appropriated by the Act is designated as Overseas Contingency Operations/Global War on Terrorism (OCO/GWOT) pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA). The Act does not contain or establish a regional limitation on the use of OCO/GWOT funding.

For purposes of this explanatory statement, the term “the Act” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2021, and the term “prior Acts” means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, “division G of Public Law 116-94” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2020; “division F of Public Law 116-6” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019; “division K of Public Law 115-141” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2018 ; “division J of Public Law 115-31” means the Department of State, Foreign Operations, and Related Programs

Appropriations Act, 2017; and “division K of Public Law 113-76” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2014.

For purposes of the Act and this explanatory statement, the term “subject to the regular notification procedures of the Committees on Appropriations” means such Committees are notified not less than 15 days prior to the obligation of funds or other action that is the subject of the notification requirement, regardless of what may be contained in an agency's congressional budget justification (CBJ) or in the operating and spend plans required by section 7061 of the Act. Operating plans, spend plans, and CBJs do not suffice as justification for purposes of satisfying such notification requirement.

Federal agencies funded by the Act shall notify the Committees on Appropriations of any reprogramming, as required by section 7015 of the Act, at the most detailed level of the CBJ, the Act, or this explanatory statement.

Congressional notifications submitted by the heads of the Federal agencies funded in the Act for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer needed or intended to be used as previously justified.

Section 7019 of the Act requires that amounts designated in the respective tables included in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available at not less than such designated amounts, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act (FAA) of 1961 (653(a) report), where applicable. In lieu of the tables and allocations of funding contained in the House report, the tables and allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds. The Act provides that the amounts designated in the tables shall be made available notwithstanding the date of the transmission of the 653(a) report.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations, unless an exception or deviation authority is specifically provided in the Act or this explanatory statement.

The Secretary of State and the Administrator of the United States Agency for International Development (USAID) shall continue to provide the Committees on Appropriations electronic copies of all reports, notifications, spend plans, and any other documents required by the Act, prior Acts, this and prior explanatory statements and statements of managers, the House report, and prior reports.

For purposes of the Act and this explanatory statement, the term “prior consultation” means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which such Committees are given a meaningful opportunity to provide facts and opinions, in advance of any public announcement, to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Additionally, section 7020 of the Act includes specific requirements regarding multi-year pledges.

The Secretary of State and USAID Administrator, as appropriate, shall inform the Committees on Appropriations on the use of notwithstanding authority, including detailed information on the provisions of law being notwithstanding and a justification for the use of such authority, in the submission of any congressional notification required by the Act. If it becomes necessary to rely on notwithstanding authority subsequent to a notification of assistance, the Committees on Appropriations shall be informed at the earliest opportunity and to the extent practicable. Notwithstanding authority included in any provision of the Act shall not be construed to exclude the requirements of such provision.

The Administrative Procedure Act of 1946 (5 U.S.C. 551 et seq.) has, at times, been loosely interpreted by the Department of State when using an exception to the publishing of a proposed rulemaking related to a function of foreign affairs. The exception should only be used if public rulemaking provisions would clearly provoke definitive undesirable international consequences.

Any Federal agency receiving funds made available by the Act shall post on its publicly available website any report required by the Act to be submitted to the appropriate congressional committees, upon a determination by the head of the agency that to do so is in the national

interest. This directive shall not apply if: (1) the public posting of the report would compromise national security, including the conduct of diplomacy; (2) the report contains proprietary, privileged, or sensitive information; or (3) the agency is already directed to publicly post such report by another provision of law or regulation.

The head of an agency posting such report shall, unless directed otherwise by the Act or any other provision of law or regulation, do so only after such report has been made available to the Committees on Appropriations for not less than 30 days. Any report required to be submitted to such Committees shall include information from the submitting agency on whether such report will be publicly posted.

For purposes of the Act and this explanatory statement, the term “stabilization assistance” has the same meaning as defined by the Stabilization Assistance Review in *A Framework for Maximizing the Effectiveness of United States Government Efforts to Stabilize Conflict-Affected Areas, 2018*.

The Secretary of State shall update the report required under the Monitoring and Evaluation heading in Senate Report 114–290 and submit such report to the Committees on Appropriations in the manner described.

Consistent with prior fiscal years, none of the funds made available by the Act may be used to send or otherwise pay for the attendance of more than 50 employees of Federal agencies who are stationed in the United States at any single international conference occurring outside the United States, unless the Secretary of State reports to the appropriate congressional committees at least 5 days in advance that such attendance is important to the national interest. For purposes of this restriction, the term “international conference” means a conference attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations (NGOs).

Federal agencies funded by the Act shall not provide bonuses to government contractors who fail to complete their contract in a satisfactory manner, including as a result of avoidable scheduling delays or cost overruns.
