GENERAL STATEMENT AND SUMMARY

The Legislative Branch appropriations bill provides funding for the Congress and for the agencies that serve the Congress. The agencies funded through this bill provide oversight of executive branch agencies, including objective, nonpartisan, and timely audits and analysis of Federal programs. The funding in this bill also ensures that the public has permanent access to printed and electronic information products of the Federal Government.

All accounts in the bill have been examined in detail to ensure that the funding provided is appropriate for the agencies to carry out their responsibilities and to continue to respond to Congress in a timely and accurate manner. Details on the accounts, the funding levels provided, and the Committee's justification for the funding levels are included in the report.

Conforming to longstanding practice under which each body of Congress determines its own housekeeping requirements and the other concurs without intervention, funds for the House are included in the bill at the level approved by the House on May 1, 2014 in H.R. 4487.

The Committee recommends new budget (obligational) authority of \$4,300,000,000 for the legislative branch for fiscal year 2015. This total is \$164,900,207 below the budget request and \$41,652,000 above the fiscal year 2014 appropriation.

The bill includes \$869,663,732 for the operations of the Senate, which is \$37,608,700 below the fiscal year 2015 request. The bill includes \$600,000,000 for the Architect of the Capitol to maintain, improve, and construct buildings and facilities for the Congress. The recommendation for the Architect of the Capitol is \$76,631,000 below the fiscal year 2015 request, but includes \$21,222,000, the total amount of funding requested, for completion of Phase IIC of the plan to restore the U.S. Capitol Dome. The recommendation would allow for comprehensive repairs and life-safety systems improvements to remain on schedule in a manner that does not interfere with Presidential Inaugurals. The bill also includes \$344,047,998 for the Capitol Police; \$523,153,499 for the Government Accountability Office; \$586,032,498 for the Library of Congress; and \$122,109,273 for the Government Publishing Office, which is renamed from the Government Printing Office in section 2 of the bill.

Reprogramming Guidelines.—The Committee expects all agencies to notify the Committee of any significant departures from budget plans presented to the Committee in any agency's budget justifications. In particular, agencies funded through this bill are required to notify the Committee prior to each reprogramming of funds in excess of the lesser of 10 percent or \$500,000 between programs, projects or activities, or in excess of \$500,000 between object classifications (except for shifts within the pay categories, object class 11,

12, and 13 or as further specified in each agency's respective section). This includes cumulative reprogrammings that together total at least \$500,000 from or to a particular program, activity, or object classification as well as reprogramming of FTEs or funds to create new organizational entities within the Agency or to restructure entities which already exist. The Committee desires to be notified of reprogramming actions which involve less than the above-mentioned amounts if such actions would have the effect of changing an agency's funding requirements in future years or if programs or projects specifically cited in the Committee's reports are affected. The Committee directs each entity funded by this act to submit an execution plan, within 60 days of enactment, to the Committees on Appropriations of the House of Representatives and the Senate to establish a baseline for reprogramming and transfer authorities for fiscal year 2015.

SENATORS’ OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2014	\$390,000,000
Budget estimate, 2015	429,724,200
House allowance	
Committee recommendation	390,000,000

The Committee recommends an appropriation for fiscal year 2015 of \$390,000,000 for the Senators’ Official Personnel and Office Expense Account [SOPOEA]. The recommendation is equal to the fiscal year 2014 appropriation and \$39,274,200 below the fiscal year 2015 request. Of the funding provided, \$19,109,214 is available until September 30, 2017.

This account funds salaries and benefits of Senators’ staffs as well as the office expense allowance for Senators’ offices. The SOPOEA is comprised of three components. Two of these are for salaries of personnel in Senators’ offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per pop-

ulation category and the States which fall into those categories. The estimate for fiscal year 2015 totals \$256,833,548.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95-94. This allowance provides funding for three positions in each Senator's office for a total of \$477,874 per office, or \$47,787,400 for all 100 Senators.

The third component of the SOPOEA account is for official office expenses and totals \$18,921,204. Each Senator's office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after enactment of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2014, there were 4,139 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fiscal year 2015 funding level for this account anticipates \$126,750,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances.

Appropriations, 2014	\$281,000
Budget estimate, 2015	300,000

ADMINISTRATIVE PROVISIONS

SEC. 1. This provision eliminates an outdated requirement that the Secretary of the Senate purchase newspaper advertisements to solicit bids for procuring stationary products for the Senate. This provision also eliminates the requirement that the Secretary of the Senate follow a specific, yet outdated, procurement process. In lieu of the outdated process, this provision enables the Secretary of the Senate to utilize the competitive procurement process administered by the General Services Administration. This provision will decrease Federal spending by eliminating spending on newspaper advertisements and also potentially by lowering the cost of Senate stationary products because such products will be purchased through a procurement process designed to maximize competition and minimize price.

SEC. 2. This provision eliminates the requirement that Senate candidates submit campaign filings the Secretary of the Senate. Under current law, the Secretary of the Senate compiles filings, which are submitted in paper, and transmits them manually to the Federal Election Commission [FEC]. FEC staff manually key the information into electronic databases in order to post the information online, consistent with campaign finance disclosure requirements. This provision eliminates the requirement for paper submissions and manual processing by requiring Senate candidates to submit campaign filings directly to the FEC in electronic format, identical to current requirements for candidates for the House of Representatives and the Presidency. This provision will eliminate the need for one full time equivalent [FTE] position within in the Office of the Secretary of the Senate, decreasing Federal spending by \$88,000. The funding recommendation for "Salaries, Officers, and Employees, Office of the Secretary" has been reduced by \$88,000 to reflect this provision.

Budget estimate, 2015	1,200,509,775
House allowance	1,180,736,000
Committee recommendation	1,180,736,000

In keeping with the longstanding tradition of comity between the Houses on matters pertaining solely to one House, the Committee has included funds for the House of Representatives, and five administrative provisions related to the House of Representatives, as recommended by the House in H.R. 4487, as passed by the House on May 1, 2014. As this item pertains solely to the House, the

Committee makes no independent judgment on the House allowance.

Budget estimate, 2015	4,270,000
House allowance	4,203,000
Committee recommendation	4,246,000

The Committee recommends an appropriation of \$4,246,000 for the Joint Economic Committee [JEC]. The recommendation is \$43,000 above the fiscal year 2014 appropriation and \$24,000 below the fiscal year 2015 request. The Joint Economic Committee was created by the Employment Act of 1946. The primary tasks of the JEC are to review economic conditions and to recommend improvements in economic policy. The JEC performs research and economic analysis, and monitors and analyzes current economic, financial, and employment conditions.

The Committee recommends an appropriation of \$10,095,000 for salaries and expenses of the Joint Committee on Taxation. The recommendation is \$91,000 above the fiscal year 2014 appropriation and \$54,000 below the fiscal year 2015 request. Of the funding provided, \$9,091,000 is for salaries, as requested, and \$1,004,000 is for expenses.

The Joint Committee is established under the Internal Revenue Code of 1986 to:

- investigate the operation and effects of internal revenue taxes and the administration of such taxes;
- investigate measures and methods for the simplification of such taxes;
- make reports to the House Committee on Ways and Means and the Senate Committee on Finance (or to the House and the Senate) on the results of such investigations and studies and to make recommendations; and
- review any proposed refund or credit of income or estate and gift taxes or certain other taxes set forth in Code section 6405 in excess of \$2,000,000. In addition to these functions that are specified in the Internal Revenue Code, the Congressional Budget Act of 1974 requires the Joint Committee to provide revenue estimates for all tax legislation considered by either the House of Representatives or the Senate.

OFFICE OF THE ATTENDING PHYSICIAN

Appropriations, 2014	\$3,400,000
Budget estimate, 2015	3,371,000
House allowance	3,371,000
Committee recommendation	3,371,000

The Committee recommends an appropriation of \$3,371,000 for the Office of the Attending Physician. The recommendation is \$29,000 below the fiscal year 2014 appropriation and equal to the fiscal year 2015 request. The Office was first established by House Resolution 253, adopted December 5, 1928.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

Appropriations, 2014	\$1,387,000
Budget estimate, 2015	1,405,000
House allowance	1,387,000
Committee recommendation	1,400,000

The Committee recommends \$1,400,000 for the Office of Congressional Accessibility Services. This office is a successor to the Special Services Office following enactment of the Capitol Visitor Center Act of 2008.

The Office of Congressional Accessibility Services [OCAS] provides and coordinates accessibility services for individuals with disabilities, including Members of Congress, staff, and visitors to the U.S. Capitol complex. These services include sign language interpreting, adaptive tours, and wheelchair loans. OCAS also provides information regarding accessibility for individuals with disabilities, as well as related training and staff development to Members of Congress and employees of the Senate and House of Representatives.

CAPITOL POLICE

Appropriations, 2014	\$338,459,000
Budget estimate, 2015	355,663,000
House allowance	347,959,000
Committee recommendation	344,047,998

The United States Capitol Police [USCP] is charged with the protection of the United States Congress, its legislative processes, Members, employees, visitors and facilities within the U.S. Capitol complex from crime, disruption or terrorism, so that the Congress may fulfill its constitutional responsibilities in a safe and open environment.

The Committee recommends \$344,047,998 for the USCP. The recommendation is \$5,588,998 above the fiscal year 2014 appropriation and \$11,615,002 below the fiscal year 2015 request.

SALARIES

Appropriations, 2014	\$279,000,000
Budget estimate, 2015	291,403,000
House allowance	286,500,000
Committee recommendation	284,588,499

The amount provided covers salaries, benefits, and overtime costs. USCP personnel are also eligible for hazardous duty pay and comparability pay similar to locality pay adjustments granted other Federal law enforcement personnel in the Washington, DC, area.

The Committee recommends \$284,588,499 and 2,145 FTEs for USCP salaries, which is \$5,588,499 above the fiscal year 2014 appropriation and \$6,814,501 below the fiscal year 2015 request. The

total staffing level is expected to be approximately 1,775 sworn and 370 civilian staff under the Committee recommendation.

USCP Office of Inspector General.—The Committee values the work of the USCP Office of Inspector General to investigate and report on waste, fraud, and abuse and to identify and make recommendations to improve USCP operations. The Committee includes funds to support not less than six FTEs within the USCP Office of Inspector General. The Committee notes that additional oversight of the USCP is conducted by the Government Accountability Office to supplement the work of the USCP Office of Inspector General, as needed.

Overtime.—The Committee recommends no more than \$23,425,000 for overtime in fiscal year 2015. This provides for approximately 394,756 hours of additional duty.

The Committee notes that overtime pay is a standard practice law enforcement entities utilize to respond to unscheduled and unanticipated events. However, the Committee finds that keeping overtime pay at a minimum should continue to be a goal of the USCP. The Committee appreciates the efforts of the USCP to better track and manage overtime pay in order to keep overtime costs to a minimum. The Committee directs the USCP to continue to keep the Committee apprised of these efforts.

The Committee directs the USCP to provide for overtime in accordance with the budget request, as provided for in the following table.

	Funding	Hours (est.)
Scheduled, (including training)	\$22,009,000	371,056
Unscheduled	1,195,000	20,000
LOC—non-reimbursable events	221,000	3,700
Total	23,425,000	394,756

The recommendation includes \$1,000,000 for USCP overtime within the AOC account for requirements associated with the restoration of the U.S. Capitol Dome. The Committee expects the USCP to operate within that funding level for requirements associated with these projects. The Committee directs the USCP to provide for any additional requirement costs beyond that allocation.

GENERAL EXPENSES

Appropriations, 2014	\$59,459,000
Budget estimate, 2015	64,260,000
House allowance	61,459,000
Committee recommendation	59,459,499

Expenses include office supplies and equipment, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items.

The Committee recommends \$59,459,499 for general expenses, which is \$499 above the fiscal year 2014 appropriation and \$4,800,501 below the fiscal year 2015 request.

OFFICE OF COMPLIANCE

SALARIES AND EXPENSES

Appropriations, 2014	\$3,868,000
Budget estimate, 2015	4,020,000
House allowance	3,959,000
Committee recommendation	3,959,000

The Office of Compliance [OOC] is an independent nonpartisan agency established to administer and enforce the Congressional Accountability Act [CAA]. The OOC administers the dispute resolution system established to resolve disagreements that arise under the CAA; carries out an education and training program for the regulated community on the rights and responsibilities of the CAA; and advises Congress on needed changes and amendments to the CAA. The OOC General Counsel has independent investigatory and enforcement authority for certain violations of the CAA.

The Committee recommends an appropriation of \$3,959,000 for the salaries and expenses of the OOC, which is \$91,000 above the fiscal year 2014 enacted level and \$61,000 below the fiscal year 2015 request.

ADMINISTRATIVE PROVISION

SEC. 1001. This provision allows the Office of Compliance to send certain notifications to employees electronically. The Office of Compliance reports that enacting this provision will save over \$10,000 annually.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Appropriations, 2014	\$45,700,000
Budget estimate, 2015	46,078,000
House allowance	45,700,000
Committee recommendation	46,057,000

The Congressional Budget Office [CBO] is responsible for providing to the Congress objective, nonpartisan, and timely analyses to aid in economic and budgetary decisions on the wide array of programs covered by the Federal budget, and the information and estimates required for the congressional budget process.

The Committee recommends an appropriation of \$46,057,000 for the CBO. The recommendation is \$357,000 above the fiscal year 2014 appropriation and \$21,000 below the fiscal year 2015 request. The reduction to the request solely represents updated technical assumptions and therefore the Committee recommendation fully funds CBO's request for fiscal year 2015.

Federal Savings and Costs of Energy Savings Performance Contracts and Utility Energy Services Contracts.—The Committee supports the use of Energy Savings Performance Contracts [ESPCs] and Utility Energy Services Contracts [UESCs] to implement energy efficiency projects that reduce emissions, energy consumption, and energy costs. The Government never pays more for energy as a result of entering into an ESPC—the cost of making energy efficiency upgrades is paid back over time out of the Government's

monthly energy savings. Once the term of an ESPC or UESC is complete, the Government retains all energy savings. Within the legislative branch, the Architect of the Capitol [AOC] has reduced energy consumption by 25.2 percent over the last 10 years, exceeding the statutory goal of 21 percent for Federal facilities, largely by utilizing ESPCs. The Committee finds that the AOC's experience should be a model for other Federal agencies to implement other energy efficiency projects at no increased cost to the taxpayer for energy consumption.

The Committee notes that the term of many ESPCs and UESCs extend beyond the timeframe CBO is required to consider when providing estimates of Federal costs and savings. The Committee is concerned that the long-term benefits to taxpayers of ESPCs and UESCs are therefore not fully reflected in CBO's estimates of savings and costs over the standard 10-year period. The Committee directs CBO, within 90 days of enactment, to report to the Committee on the budgetary consequences of representative ESPCs and UESCs. The report should include the full costs and savings to the Federal Government for implementing ESPCs and UESCs over the useful life of energy efficiency projects, including both mandatory spending and spending subject to appropriation.

ARCHITECT OF THE CAPITOL

The Office of the Architect of the Capitol [AOC] is responsible to the United States Congress for the maintenance, operation, development, and preservation of 16.5 million square feet of buildings and more than 450 acres of land throughout the Capitol complex. This includes the Capitol, the Capitol Visitor Center, the House and Senate office buildings, the Library of Congress buildings, the U.S. Botanic Garden, the Capitol Power Plant, and other facilities. The AOC also provides professional expertise with regard to the preservation of architectural and artistic elements entrusted to its care, and provides recommendations concerning design, construction, and maintenance of the facilities and grounds.

The Committee has recommended a funding level of \$600,000,000 for all activities of the Architect of the Capitol. The recommendation is \$2,029,946 below the fiscal year 2014 appropriation and \$76,631,000 below the fiscal year 2015 request.

The following table compares the Committee recommendation for the AOC accounts to the fiscal year 2015 request.

¹ Level recommended by the House in H.R. 4487, as passed by the House on May 1, 2014. The Committee made no alteration to this amount.

Energy Efficiency.—The Committee commends the AOC for its efforts to improve energy efficiency on the Capitol campus. The AOC has reduced energy consumption by 25.2 percent over the last 10 years, exceeding the statutory goal of 21 percent for Federal facilities. Much of these energy savings were accomplished by utilizing Energy Savings Performance Contracts [ESPCs]. The Committee finds that ESPCs are a common sense approach to reducing both energy emissions and energy costs. The Government never pays more for energy as a result of entering into an ESPC—the cost of making energy efficiency upgrades is paid back out of the Government’s monthly energy savings. Once the term of an ESPC is complete, the Government retains all energy savings.

The Committee appreciates that the AOC continues to seek out opportunities for further improving energy efficiency, including by entering into additional ESPCs. In fact, the Committee notes that the AOC is planning a Cogeneration project at the Capitol Power Plant using a Utility Energy Services Contract, which is essentially a special type of ESPC that will be administered by a utility company. Cogeneration is an advanced, highly-efficient technology that will improve energy efficiency and reduce electricity costs while also reducing emissions. The Committee directs the AOC to continue its efforts to improve energy efficiency and to consider the use of alternative financing vehicles like ESPCs and UESCs whenever practicable to meet their energy goals.

Outdoor Recycling.—The Committee commends the efforts of the Architect of the Capitol and the United States Capitol Police [USCP] for implementing outdoor recycling programs on the Capitol grounds while maintaining security of the complex. The Committee encourages the Architect of the Capitol and the USCP to continue to collaborate and work together to expand these efforts where appropriate in high-traffic areas across the Capitol complex.

Financial Management.—The Committee commends the AOC for earning an “unqualified” audit opinion, without any material weaknesses, on its financial statements for fiscal year 2013. An unqualified opinion is the highest rating that may be received from an external auditor, and the AOC has earned this rating for 8 consecutive years. The AOC also successfully eliminated material weaknesses that were identified in the AOC’s financial controls in prior years. This positive independent assessment of the agency’s financial stewardship of taxpayer resources demonstrates the agency’s strong financial foundation as it embarks on major restoration and renovation projects, including the multi-year, multi-phase restoration of the Capitol Dome.

The General Administration appropriation provides funding for salaries and related benefits of the Architect, officers, administrative and support staff, including engineering and architecture employees. This account also provides for administrative items such

as agency-wide contractual services; surveys and studies; information technology; and safety engineering operations.

The Committee recommends an appropriation of \$93,348,000 for general administration. The recommendation is \$3,071,054 above the fiscal year 2014 appropriation and \$3,085,000 below the fiscal year 2015 request. Capitol Dome Restoration.—The recommendation includes \$21,222,000 for the final phase of the Capitol Dome Restoration. This phase will complete the project by restoring the interior of the Capitol Rotunda. The Rotunda has sustained significant water damage and is in need of upgrades to mechanical and electrical systems to meet current codes and building standards.

The Committee appreciates the AOC's efforts to keep the Committee apprised of the status of the Dome Restoration project, including the major activity and key milestone schedule prepared for Phase IIA of the project. The Committee directs the AOC to con-

tinue to provide detailed updates on the project, with particular emphasis on alterations to cost and schedule. The Committee also directs the AOC to submit major activity and key milestone schedules for each remaining phase of the Dome Restoration as those phases begin implementation.

Of the amount made available for Dome Restoration, no more than \$1,000,000 shall be available for reimbursement to the USCP for overtime costs.

Miscellaneous Improvements Notifications.—The Committee appreciates the AOC’s efforts to document and notify the Committee of “Miscellaneous Improvements” projects, which are completed projects that costs less than \$5,000 for labor and materials. The Committee directs the AOC to provide quarterly reports on Miscellaneous Improvements projects, including a description and cost of each project and the status of total funding set aside for this purpose.

In keeping with the longstanding tradition of comity between the Houses on matters pertaining solely to one House, the Committee has included funds for House office buildings at the level recommended by the House in H.R. 4487, as passed by the House on May 1, 2014. As this item pertains solely to the House, the Committee makes no independent judgment on the House allowance.

CAPITOL POWER PLANT

Appropriations, 2014	\$116,678,000
Budget estimate, 2015	94,990,000
House allowance	93,152,000
Committee recommendation	94,768,000

The Committee recommends an appropriation of \$94,768,000 for the operations of the Capitol Power Plant. This is supplemented by \$9,000,000 in reimbursements, for a total of \$103,768,000. The recommendation is \$21,910,000 below the fiscal year 2014 appropriation and \$222,000 below the fiscal year 2015 request. Of the amount provided, \$10,386,000 shall remain available until September 30, 2019.

The Power Plant provides heat, light, power, and air-conditioning for the Capitol, Senate and House office buildings, and the Library of Congress buildings; heat, light, and power for the Botanic Garden and the Senate and House Garages; light for the Capitol Grounds' street, park, and floodlighting system; steam heat for the Government Publishing Office (as renamed in section 1301 of this bill) and Washington City Post Office, also known as Postal Square; and steam heat and air-conditioning for the Union Station complex, Folger Shakespeare Library, the Thurgood Marshall Federal Judiciary Building, and the U.S. Supreme Court Building on a reimbursable basis.

Within the operating budget, the recommended amount for the purchase of electricity from the local private utility, payment to the government of the District of Columbia for the provision of water and sewer services, and the procurement of boiler fuel, is displayed in the following table.

Cogeneration.—The Committee supports the AOC's efforts to upgrade the Capitol Power Plant's aging infrastructure to incorporate energy efficient Cogeneration technology. The Committee is particularly pleased that the AOC intends to utilize a Utility Energy Services Contract [UESC]. The UESC does not require an upfront capital investment—anticipated to be in the tens of millions of dollars for the Cogeneration project—but is paid back over time out of verified savings on energy costs. The Committee recommends \$1,700,000 for fiscal year 2015 for AOC's costs associated with oversight of the contract, consistent with the request. The Committee finds that such costs, representing a small fraction of the overall value of the Cogeneration program, are essential to ensure prudent implementation of the Cogeneration project. The Committee appreciates the AOC's efforts to ensure that repayments under the UESC are in line with the estimated return on investment for the project.

Contract Oversight.—The Committee finds that quality assurance is a key component of proper contract oversight. The Committee notes that, in limited instances, additional funds have been necessary to remediate problems with recently completed projects at the Capitol Power Plant. The Committee notes and appreciates that the AOC has made efforts to increase the number and frequency of inspections on current and future projects at the Capitol Power Plant to ensure that future deficiencies are identified and addressed as quickly as possible. The Committee directs the AOC to report to the Committee within 60 days of enactment on specific steps AOC has taken to improve quality assurance on current and future projects to ensure that taxpayer dollars are used as effectively and efficiently as possible.

The Committee recommends an appropriation of \$47,628,000 for the care and maintenance of the Library buildings and grounds by the Architect of the Capitol, of which \$22,490,000 shall remain available until September 30, 2019. ADMINISTRATIVE PROVISION

SEC. 1101. This provision authorizes the U.S. Botanic Garden to participate in certain educational exhibits, programs, outreach, and related services at no cost to the taxpayer. The Committee directs the Architect of the Capitol to develop criteria, subject to approval by the Joint Committee of Congress on the Library, for entering into agreements under this provision. The Committee directs the Architect of the Capitol to keep the Committee apprised of activities conducted and agreements made under this provision.

LIBRARY OF CONGRESS

The Library of Congress is the Nation's oldest cultural institution and largest repository of human knowledge in the world. It is the main research arm of the United States Congress. Its mission is to support the Congress in fulfilling its constitutional duties and to further the progress of knowledge and creativity for the benefit of

the American people. The Library's collections include more than 147 million artifactual items (books, photographs, maps, sound recordings, films, sheet music, legal materials) in 470 languages. Digital technology is transforming the way the Library does its work, and the institution plays an important leadership role in superimposing digital library collections and services on those that are analog based. The Library of Congress houses the Congressional Research Service, U.S. Copyright Office, National Library Service for the Blind and Physically Handicapped, Law Library of Congress, and numerous other programs and services.

The Committee recommends a total of \$587,424,998 for the Library of Congress, an increase of \$8,442,998 above the fiscal year 2014 appropriation and \$5,641,002 below the fiscal year 2015 request.

In addition to the appropriation, the Library estimates receipts and reimbursements of \$42,432,000, funds from gifts and trusts totaling \$12,901,000 and revolving funds totaling \$200,557,000. Total funds available to support Library operations, including the Architect of the Capitol account, are expected to be approximately \$890,942,998 in fiscal year 2015 under the Committee recommendation.

Salaries and expenses	416,172,999
Authority to spend receipts	6,350,000
Net, salaries and expenses	<u>409,822,999</u>

The Committee recommends an appropriation of \$409,822,999 for salaries and expenses of the Library of Congress and approves authority to spend receipts of \$6,350,000 in fiscal year 2015, for a total of \$416,172,999. The recommendation is \$4,120,999 above the fiscal year 2014 appropriation and \$4,679,001 below the fiscal year 2015 request. This amount provides for 2,492 FTEs, which may be shifted among PPAs within this appropriation. The amount recommended includes \$7,271,000 for the digital collections and education curricula program.

Veterans History Project.—The Committee recommends an appropriation of \$2,041,000 for the Library of Congress' Veterans History Project [VHP], which is consistent with the fiscal year 2015 re-

quest. VHP oversees a nationwide effort to build an archive of oral histories, from World War I through current conflicts, by collecting, preserving, and making available the personal stories of American war veterans and the civilian workers who support them. The VHP collection includes submissions from every State and is the largest oral history project in the United States. In fiscal year 2013, through an active national outreach effort to volunteer organizations, institutions, and individuals across the country, VHP gained new participants and acquired 5,603 new collections.

Teaching with Primary Sources.—The Committee recommends an appropriation of \$7,271,000 for the Library of Congress' Teaching with Primary Sources program [TPS], consistent with the fiscal year 2015 request. TPS is a teacher training initiative that encourages K–12 grade educators to incorporate the Library's online primary sources into school curricula. Library staff harness the power of primary sources as teaching tools by providing K–12 educators with methods and materials that build student literacy skills, content knowledge, and critical thinking abilities. TPS has successfully worked with educators in 47 States and the District of Columbia.

Preservation.—The Committee notes that the Library utilizes multiple preservation strategies to extend the life of its vast collections for future generations to enjoy, including building and operating climate-controlled storage facilities, preparing new acquisitions for commercial binding and shelving, deacidification, and digital reformatting. During 2013, the Library treated more than 5.6 million books, serials, prints, photographs, and other high value, high use, and at-risk items. In 2014, the Library and the Architect of the Capitol will begin planning to construct a fifth climate-controlled storage facility at Fort Meade, Maryland. The Committee supports the Library's preservation efforts and directs the Library to continue funding for ongoing preservation activities at not less than the current level for each ongoing preservation strategy.

SALARIES AND EXPENSES

Appropriations, 2014:

Authority to spend receipts	33,582,000
Net, salaries and expenses	19,558,499

The United States Copyright Office plays an important role in our Nation's intellectual property system. Copyright law is the foundation for the creation and dissemination of American artistic works, leading to substantial economic and cultural benefits. The Copyright Office serves multiple central roles in the copyright system, overseeing the registration of copyrighted works, administering the copyright law, and providing counsel to Congress on copyright policy.

The Committee recommends the direct appropriation of \$19,558,499 for the Copyright Office and approves authority to spend receipts of \$33,582,000 in fiscal year 2015, for a total of \$53,140,499. The recommendation is \$1,378,499 above the fiscal year 2014 appropriation and \$72,499 above the fiscal year 2015 request.

Modernization.—The Committee recognizes that the digital revolution has transformed the copyright marketplace and, as a result, the role of the Copyright Office in our economy. The Committee finds that Copyright Office will also need to evolve and adapt to the challenges of these new realities. In fact, the Committee notes that public comments recently submitted by the copyright community indicate that the Copyright Office is currently in need of significant IT and related upgrades in order to be fully interoperable with the digital economy it serves. For example, as the Register of Copyrights has testified, the copyright recordation system is still administered using a paper-based process.

The Committee finds that a modern and efficient copyright process is important component of protecting and promoting creative works and includes \$1,000,000 for modernizing the Copyright Office's information technology infrastructure. However, the Committee wishes to ensure that taxpayer investments in modernizing the Copyright Office will be used efficiently and effectively, and that existing infrastructure and resources will be used to the full-

est extent possible. Therefore, the Committee directs the Government Accountability Office [GAO] to examine the Copyright Office's current information technology infrastructure and identify any deficiencies or obstacles to serving the copyright community in a modernized environment. GAO shall provide an evaluation on how the Copyright Office can take best advantage of existing resources, including commercial off-the-shelf technology, to modernize its current capabilities. Finally, GAO shall also provide a legal and technical evaluation of the information technology infrastructure that the Copyright Office shares with the Library of Congress. The Committee directs GAO to submit a report summarizing these findings to the Committee within 60 days of enactment.

This appropriation supports a national reading program for eligible residents of the United States and U.S. citizens living overseas who are blind or physically handicapped. Books and magazines in braille and various recorded formats are produced by the National Library Service for the Blind and Physically Handicapped for distribution through a network of State and locally supported libraries. At present, 57 regional libraries in 49 States, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands house and circulate books and magazines to eligible readers. Eighty-one sub-regional libraries in 15 States, and Guam, assist at the local public library level. Fifty-three of the regional libraries and four separate cooperating agencies distribute sound reproducers. Two multi-State centers, under contract to the National Library Service, store and distribute books and other materials in their geographical region. The program supports a readership of approximately 900,000.

The Committee recommends an appropriation of \$50,247,500 for salaries and expenses for Books for the Blind and Physically Handicapped. The recommendation is \$497,500 above the fiscal year 2014 appropriation and \$448,500 below the fiscal year 2015 request.

ADMINISTRATIVE PROVISIONS

GOVERNMENT PUBLISHING OFFICE

The U.S. Government Publishing Office [GPO] is the Federal Government's primary centralized resource for gathering, cataloging, producing, providing, and preserving published information in all its forms. By law and tradition, the GPO's mission is to provide expert publishing and printing services to all three branches of Government; to provide, in partnership with Federal depository libraries, permanent public access to the printed and electronic information products of all three branches of the Federal Government; and to sell copies of authentic printed and electronic documents and other government information products to the public.

GPO's core mission dates to 1813 when Congress determined that information regarding the work of the Federal government should be available to all Americans. Over 200 years later, GPO's mission remains unchanged. However, the means for producing and distributing that information has transformed dramatically with the advent of the digital revolution.

Today, GPO provides free online public access to nearly 1 million searchable titles, including the Budget of the U.S. Government, the Code of Federal Regulations, the Congressional Record, and congressional bills, hearings, and reports. GPO also provides access to Government information in digital format through apps, eBooks, and related technologies. In April of 2014, GPO surpassed the milestone of 1 billion electronic retrievals from its Federal Digital System [FDsys], symbolizing the evolution of how Americans access information in the digital era.

To acknowledge that the information needs of Congress, Federal agencies, and the public have evolved beyond print and that GPO has transformed itself to meet those needs, section 1301 of the bill changes the formal name of the organization from the Government Printing Office to the Government Publishing Office.

¹The House provides funds for these activities under the heading "Congressional Printing and Binding."

The appropriation for Congressional Publishing supports transparency of the congressional process by funding digital and print publication of congressional proceedings, including the Congressional Record, bills, amendments, Committee reports, and hearing transcripts. This appropriation also supports the direct publication

and printing needs of Congress. This appropriation was previously titled "Congressional Printing and Binding".

The Committee recommends \$82,545,000 for congressional publishing. The recommendation is \$2,809,000 above the fiscal year 2014 appropriation and \$2,855,000 below the 2015 request.

The following table compares the component categories within this account for fiscal year 2014 and the fiscal year 2015 request. The Committee has not recommended separate amounts for each activity in order to give the GPO the flexibility to meet changing requirements.

SALARIES AND EXPENSES

Appropriations, 2014	\$31,500,000
Budget estimate, 2015	32,171,000
House allowance ¹	31,500,000
Committee recommendation	31,500,000

¹The House provides funds for these activities under the heading "Office of Superintendent of Documents."

This appropriation provides for salaries and expenses associated with the distribution of electronic and printed Government documents to depository and international exchange libraries, the cataloging and indexing of Government publications, and the distribution of electronic and printed publications authorized by law at the request of Members of Congress and other Government agencies. This appropriation was previously titled "Office of Superintendent of Documents".

The Committee recommends \$31,500,000 for salaries and expenses of the Public Information Programs of the Office of the Superintendent of Documents. The recommendation is equal to the fiscal year 2014 appropriation and \$671,000 below the fiscal year 2015 request.

GOVERNMENT PUBLISHING OFFICE BUSINESS OPERATIONS
REVOLVING FUND

Appropriations, 2014	\$8,064,000
Budget estimate, 2015	11,348,000
House allowance ¹	11,348,000
Committee recommendation	8,064,273

¹ The House provides funds for these activities under the heading "Government Printing Office Revolving Fund."

The Committee recommends \$8,064,273 for the Government Publishing Office [GPO] Business Operations Revolving Fund. The recommendation is \$273 above the fiscal year 2014 appropriation and \$3,283,727 below the fiscal year 2015 request. This appropriation was previously titled "Government Printing Office Revolving Fund".

The Committee supports continued investment in the Revolving Fund as the most efficient solution to both cutting costs and ensuring efficient online access to government documents. One reason the GPO is able to meet the increased work demands and continually reduce costs is through its constant focus on capital investments to modernize information systems, production equipment, and major facility repairs. The Committee supports the GPO's continued development of its Federal Digital System and its Business Information System given that these efforts continue to reduce costs.

Secure Credentials.—The Committee notes that GPO has produced passports for the Department of State since the 1920s, which has necessitated that GPO stay abreast of current technologies for preventing tampering and identity theft. The Committee notes that GPO also produces secure credentials for other Federal agencies. The Committee directs the Government Accountability Office to report to the Committee on GPO's secure credentialing activities, including an evaluation of the legal basis under which GPO produces secure credentials, including any statutory or administrative provisions that permit or require Federal agencies to use GPO to produce secure credentials; and if GPO produces the best value for the taxpayer when producing secure credentials.

ADMINISTRATIVE PROVISION

SEC. 1301. Redesignates the Government Printing Office as the Government Publishing Office and makes other conforming changes pertaining to the name of the office and its staff.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

Appropriations, 2014	\$505,383,000
Budget estimate, 2015	525,116,000
House allowance	519,622,000
Committee recommendation	525,512,999

The U.S. Government Accountability Office [GAO] is an independent nonpartisan agency that was established by the Budget and Accounting Act of 1921 to act as an auditor for Congress and investigate how the Federal Government spends taxpayer dollars.

The function of the GAO includes auditing agency operations to determine whether Federal funds are being spent efficiently and effectively; investigating allegations of illegal and improper activities; reporting on how well Government programs and policies are meeting their objectives; performing policy analyses and outlining options for congressional consideration; and issuing legal decisions and opinions, such as bid protest rulings and reports on agency rules.

The Committee recommends funding of \$525,512,999 for salaries and expenses of the Government Accountability Office. The recommendation is \$20,129,999 above the fiscal year 2014 appropriation. While the recommendation is \$396,999 above the fiscal year 2015 request, after an adjustment for updated official technical assumptions the effective increase to the request is \$2,859,999. Therefore, the Committee's recommendation enhances GAO's requested staffing and operations for fiscal year 2015 including increasing the fiscal year 2014 staffing level.

Additionally, \$23,750,000 is authorized in offsetting collections derived from rent receipts and reimbursements for conducting financial audits of Government corporations, for a total of \$546,903,499.

Technology Assessment.—The Committee recognizes the need for independent, balanced, and authoritative science and technology assessment analysis for Congress on a diverse range of policy issues. The Committee commends the GAO for providing technology assessment advice to Congress over the past decade, but acknowledges that the scale and scope of that work has been limited due to budget constraints. The Committee recommends an increase to the GAO's request (as adjusted for updated technical assumptions) to enhance the GAO's technology assessment capabilities in fiscal year 2015.

The Committee directs the GAO, within 60 days of enactment, to submit a strategic plan for its technology assessment program. The strategic plan should include proposed solutions to critical challenges constraining the GAO's technology assessment capabilities, approaches to increase responsiveness to congressional needs and priorities, strategies to improve technology assessment procedures and methodologies, and additional authorities and resources that may be necessary to best carry out this mission.

Evaluation of Congressional Accommodations for Individuals with Disabilities.—The Committee directs the GAO to evaluate the methods utilized by Congress to both communicate with blind and deaf constituents as well as support congressional staff covered under the Americans with Disabilities Act. The GAO should also make recommendations on additional steps needed to reasonably accommodate such constituents and staff, including new technologies that are not currently being utilized.

ADMINISTRATIVE PROVISION

SEC. 1401. The Committee has included a provision providing authority to the GAO to establish, maintain, and operate a Center for Audit Excellence (Center). The Center will serve to build institutional auditing capacity and promote good governance by providing affordable, relevant, and high-quality training, technical assistance,

products and services to personnel and organizations throughout the domestic and international auditing communities. As a global leader in developing, applying, and interpreting Government Auditing Standards, the GAO is well positioned to establish the Center, which could also provide reciprocal benefits to the GAO by enhancing institutional expertise, expanding its domestic and global networks, and strengthening staff experience and professional development. The Committee expects the Center, once established, to operate on a fee basis, requiring no additional appropriated fund. Additionally, the Committee expects that the Center will be primarily staffed with retired GAO and other auditors, therefore operating the Center shall not detract from or impact the oversight and audit work of the GAO.

OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriations, 2014	\$6,000,000
Budget estimate, 2015	8,000,000
House allowance	3,420,000
Committee recommendation	5,700,000

The Committee recommends \$5,700,000 as a payment to the Open World Leadership Center Trust Fund, which is \$300,000 below the fiscal year 2014 appropriation and \$2,300,000 below the fiscal year 2015 request. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106-554) as a legislative branch entity. The Fiscal Year 2003 Consolidated Appropriation Resolution (Public Law 108-7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging leaders in Russia and Newly Independent States at all levels of civic life to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

The Government of Russia has recently carried out unprovoked acts of aggression against the sovereign territory of Ukraine in violation of international law. While the Committee recognizes the ongoing U.S. national interest in maintaining constructive relations with the Russian people, the Committee includes a provision that limits the Open World Leadership Center to using appropriated funds only for Russian participants engaging in free market development, humanitarian activities, and civic engagement, and not for senior officials of the central Government of Russia. The Committee directs the Open World Leadership Center to report to the Committee within 30 days of enactment on how the Center will implement this limitation.

In addition, the Committee also remains concerned about Russia's illegal annexation of Crimea and its illegal and unacceptable efforts to exploit stolen Crimean resources. The Committee urges that none of the funds in this act be used to recognize, or imply recognition, of the sovereignty of the Russian Federation over Crimea, its territory, airspace, or territorial waters.

JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING
AND DEVELOPMENT

Appropriations, 2014	\$430,000
Budget estimate, 2015	430,000
House allowance	430,000
Committee recommendation	430,000

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends the budget request of \$430,000 as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.

TITLE II

Further, any pay rate and title change for a position provided for in the 1929 Act is to be made permanent law by this act and any changes in the official expenses of Members, officers, and committees, and in the clerk hire of the House and Senate are to be made permanent law by this act.

Section 205 authorizes legislative branch entities participating in the Legislative Branch Financial Managers Council [LBFMC] to finance the costs of the LBFMC.

Section 206 authorizes the Architect of the Capitol to maintain certain property.

Section 207 prohibits unauthorized transfers of funds to other agencies.

Section 208 ensures continuation of the staff-led tours of the Capitol.

Section 209 relates to Member compensation.

(b) In addition to the authority to negotiate otherwise provided by law, the **[Public Printer]** *Director of the Government Publishing Office* may negotiate purchases and contracts for supplies or services for which the **[Public Printer]** *Director of the Government Publishing Office* determines that it is impracticable to secure competition by advertising. The **[Public Printer]** *Director of the Government Publishing Office* may not award a contract under this subsection unless **[he justifies]** *the Director justifies* the use of negotiation in writing and certifies the accuracy and completeness of the justification.
